## CONSULTANT INTERN POSITION

**Dear IBM Hiring Manager,**

Hello! I hope you are doing well on this fine sunny day! My name is Sachin Gupta and I am a Software Engineer at McMaster University. I have over 3 years of professional experience building high-quality full stack applications, utilizing the features of cloud computing, and applying AI and ML to increase product utility.

I have completed over 20 projects related to programming, product design, and circuit building. Through using and mastering tools such as Python, C++, HTML, CSS, JavaScript, AWS, Arduino, and Fusion 360, I have increased both the efficiency and functionality of these projects.

With my combination of experience and skills, I believe we can work together to build amazing services and products that provide immense value for your customers.

Below, I created a quick table to showcase my qualifications related to this role:

| Advertised Requirements | My Qualifications |
|---|---|
| Focus on our clients' technical, business and user needs to co-create solutions that add value. Work collaboratively to deliver innovative solutions for clients. | Within my business "Sachin Graphic Design Company", I work with clients to develop and bring to life the dreams and concepts within their heads. By working together, I can deliver solutions that perfectly align with their vision and the use case. |
| Assist with Cloud migration and system application implementation or upgrades. | I am experienced with Cloud Computing and took a course on AWS. |
| Strong interpersonal skills with ability to collaborate and work effectively with individuals, strengthening relationships to achieve win-win solutions | When working as a Youth Coach (summer 2023) with the Jays Care Foundation (owned by rogers) I developed interpersonal and communication skills, and I learnt how to establish compromises so that everyone wins. |

If you believe there is a fit, I look forward to discussing this role further.

Please reach me by phone at 437-217-4947 or by email at sachinvedgupta@gmail. I also invite you to visit my portfolio website at sachinvedgupta.com, to view my projects at github.com/SachinVedGupta, and to check out my profile at linkedin.com/in/Sachin-Ved-Gupta!

Kind regards,
Sachin Gupta
